

BITS FROM BATES.

The Bazoo's Rich Hill Correspondent Rises to Make a Series of Remarks.

A Running Commentary on Events and Happenings in Missouri's Pittsburg.

Special Correspondence of the Bazoo.

RICH HILL, March 21.

—Cold and chilly mornings and high winds since Saturday.

—Dr. T. R. Thornton, of Lee's Summit, brother of R. T. Thornton, was in the city Tuesday in attendance at the wedding of Mr. Thornton and Miss Harris.

—J. M. Atkeson, of Illinois, cousin to W. O. Atkeson, is visiting in the city, the guest of W. O. They will probably take a trip to Arkansas in the near future.

—An increase in business has necessitated an extra train on the Kansas City, Fort Scott & Gulf railroad. Large shipments of in-freight and an extra demand for coal being the principle necessity.

—There seems to have taken place a very sudden and mysterious calm in political circles as regards the approaching township and city elections. There has been but very little surface talk or speculation since the last convention.

—Tom Ingles, formerly of Rich Hill, but late of Southern Missouri, where he has been engaged in the lumber business, returned to the city Tuesday. He has sold his interest in the firm, and will reside here for the present.

—Mr. R. T. Thornton and Miss Jennie Harris were married at the residence of the bride's father, W. W. Harris, at 10:30 a. m. Tuesday last, by R. v. N. L. Scarlett, of Kansas City. The bride and groom left on the noon train for Kansas City. They will also visit Chicago and St. Louis before returning.

—A railroad meeting was held here yesterday, most of the officials of the Lexington branch of the Pacific being present; also J. Gould, Warder Cumming and others were present. Col. E. L. Brown, of Rich Hill, president of the Lexington branch, was present, the meeting being held in his office.

—M. L. Stone, J. P. Thompson, W. T. Smith, Wm. Smith, W. O. Atkeson and Mr. Kuhn, also seven gentlemen from the mines, representing the L. O. O. F., went to Butler last Sunday to attend the funeral exercises of Mr. Bremmerman, a member of the Butler lodge. One hundred and twenty Odd Fellows were present.

—Farmer, McGrew & Britton, are taking an inventory of their stock of general merchandise, preparatory to a dissolution of partnership. Mr. Farmer will remain at the old stand, retaining the dry goods and grocery departments, while McGrew & Britton will occupy quarters one door west and retain the hardware department. The firm, before dissolution, will close out the stock of clothing on hands at first cost.

BOONVILLE BUZZ.

In Which a Little of Everything Transpiring in the Old Berg Can be Found.

Correspondence of the Bazoo.

BOONVILLE, March 19.

—Emmet Chambers was up from Jefferson City yesterday.

—E. W. McIlhenny, of your city, Sundayed in Boonville.

—The dry goods stock of the late firm of Howard & Allen was sold at auction today.

—Miss Mamie Niechee has charge of the St. Bazaar in this city. She is from Sedalia.

—They do say that Senator James H. Walker, of Cooper county, wants to be our next governor.

—The city is in a fever to see John Dillon in "States Attorney" at Tanesian hall to-morrow night.

—Minstrel & Smith have had their store renovated and painted, giving it a remarkably neat appearance.

—Boonville's coal developing association will soon be a fact. The right men have hold of it and are pushing it.

—J. A. Ramsey, of Vermont, this county, leaves this week for Clarke county, Ky., where he will make his home in the future.

—Frank L. Hasbrook, than whom a jollier boy never trod the earth, was in town today, in the interest of the St. Louis paper company.

—There are about 114 hundred too many worthless negroes on our streets at present, and respectable people would like to see the public make a raid on them.

—Claus Stamajohn, a republican, is a candidate for street commissioner. Claus is a chronic candidate—sometimes he is selected and sometimes he is not, but he always wins.

—The rock road 'meeting' at the court, Saturday, showed that Boonville is really interested in this rock road business. A large subscription has been raised, and the friends of the enterprise feel very much encouraged.

—David W. Layton asks the suffrages of Boonville's citizens for the office of city register at the next April election. Dave is going to make a strong effort to get there and his many friends hope to see him successful.

—Last week was the first for three months, that the roads leading into Boonville were in such condition as to allow farmers to come to town, and the amount of trade that our merchants had was something enormous.

—Sunday was rigidly observed by all the christians and church goers. The weather yesterday was mild and pleasant, though the proverbial March wind raised considerable dust. As a consequence of this beautiful weather, the ladies turned out to divine service in full force. Sedalia and

Nevada may eclipse us some on enterprise and handsome men and when it comes to beauty and a big river, Boonville gets to the front in surprisingly good shape. The writer could name two or three, or four score of girls and ladies in the Vine Clad who can excel the Jersey Lily in beauty but—well, he won't.

—Diamond Dyes are so perfect and so beautiful that it is a pleasure to use them. Equally good for dark or light colors. 10 cents.

ENTRAPPED BY A WIDOW.

Millionaire Fillmore's Marriage and What Happened Thereafter.

Although only twenty years of age, the youthful millionaire of Denver, Norman J. Fillmore, has been entrapped into a marriage with an adventuresome and professional blackmailer, who has been compromised with for a large sum by his guardian, and the young man is recuperating in California, after a two weeks' honeymoon. The woman has a history, beginning in Wilkes-Barre, Penn., where she was known as Corbelle Sauter. Her first husband was a New York lawyer named Mapledoran, whom she subsequently parted from in Kansas City, where he drank. A St. Louis commercial man then lavished cash and carriages upon the woman, who, it is supposed, spent part of her grasswidowhood in the Future Great. Finally she started west and the commercial man had her arrested in Kansas, and again in Denver, for abstracting a diamond ring and other valuables, but at length rejoined her in Denver. He claimed that she was his cousin. A separation occurred soon afterward and she became Mrs. Frank Whitman, of Idaho Springs, but only for a brief time, as the man discovered her record and left her. She then went back to Kansas City in time to see her first husband die, and it was in the weeds worn for him that she captivated Fillmore in a Denver hotel. Two small children and a beautiful and helpless mother was the picture that held the young man captive. A divorce from her second husband was soon after granted in Fort Collins without contest, and three days later Mrs. Whitman and young Fillmore were married in Cheyenne.

Fillmore's guardian suspected something was wrong and got detectives to hunt up her record, and it was some time before young Fillmore could be convinced of her character. An action for divorce will probably be the next thing.

"NOT GUILTY."

The People of Osceola Indignant Over the Acquittal of Dave Freeman for Attempted Rape.

Special Correspondence to the Bazoo.

OSCEOLA, March 17.

The case of David Freeman, colored, was called in our circuit court last Thursday afternoon, charged with attempting rape upon a young woman named Emma Ray, on the 5d of October, 1882, on the Roscoe road, about one mile from town. The trial lasted until a late hour Friday night. The prosecution witness identified the prisoner, and others testified to his being in that vicinity. The defense set up an alibi, but in that did not succeed in proving his whereabouts. The jury was composed mostly of young or middle aged men, and after being out one hour returned into court with a verdict of not guilty. The citizens are greatly excited this [Saturday] morning, and threats are made against the negro, but we anticipate no real trouble.

A young man named Marshal Ridge, was arrested here by Deputy Sheriff Morgan, Wednesday, on a warrant from Bates county, charging him with burglary committed eight years ago. He was arrested at the time, but gave bond and skipped, and has been at large ever since. His companion was sent the penitentiary and has served his time.

L. A. Mentzer is making arrangements to build a two-story business brick block on the corner of Second and Chestnut streets.

Dr. McNeil has sold his residence on Main street, to T. D. Hancock. The doctor will leave for Kansas the first of April.

Dr. W. E. Bell occupies the rooms opposite the bank, lately vacated by Mrs. Stewart's millinery store.

The fishing season has arrived, and we have a delicacy upon the market.

Circuit court adjourned Saturday.

How She Saved Her Darling.

"I shall not feel so nervous about baby's teething," writes a grateful mother. "We almost lost our darling from cholera infantum, but happily heard of Parker's Ginger Tonic in time. A few teaspoonfuls soon cured baby, and an occasional dose keeps us in good health."—Brooklyn Mother.

The Major Wouldn't Have It.

Frank James said last night that he was now very sorry he had not allowed Major Edwards, of Sedalia, to deliver him to Gov. Crittenden as a prisoner, and claim the reward. He says it would have helped him that much, and the Rock Island road would have had to put up its share, besides paying the large fees, as it is now doing to attorneys for assisting in the prosecution. Frank is under the impression that Shanklin, Low, & McDougal, Wallace & McDougal, of Kansas City, and W. D. Hamilton, of Gallatin, are all after him, but Prosecutor Hamilton, of Davies, says that only Mr. Wallace and himself are yet in the case. —Trenton Republican.

Good Advice.

You will prevent and cure the greater part of the ills that afflict mankind in this or any section, if you keep your stomach, liver and kidneys in working order. There is no medicine known that does this as surely as Parker's Ginger Tonic. It will keep your blood rich and pure, and give you good health at little cost. See their column.

To the Hop Bitters Co.

Gentlemen:—Having suffered for many years from biliousness, accompanied with sickness and dreadful headache (being greatly fatigued with overwork and long hours at business). I lost all energy, strength and appetite. I was advised by a friend in whom I had seen such beneficial effects to try Hop Bitters, and a few bottles have quite altered and restored me to better health than ever. I have also recommended it to other friends, and am pleased to add with a like result. Every claim you make for it I can fully endorse, and recommend it as an incomparable tonic.

Yours faithfully,

Dear Sirs:—I have taken your most precious essence—Hop Bitters—and I can already, after so short a time, assure you that I feel much better than I have felt for months.

I have had, during the course of four years, three times an inflammation of the kidneys. The last, in January, 1880, was the worst; and I took a lot of medicine to cure the same, in consequence of which my stomach got terribly weakened. FROM THE OLD WORLD.

From the great London, (Eng.) Times.

Among the many specifics introduced to the public for the cure of dyspepsia, indigestion, derangements of various kinds, and as a general family medicine, none have met with such genuine appreciation as Hop Bitters. Introduced to this country but a comparatively short time since, to meet the great demand for a pure, safe and perfect family medicine, they have rapidly increased in favor, until they are without question, the most popular and valuable medicine known. Its world-wide renown is not due to the advertisement it has received; it is famous by reason of its inherent virtues. It does all that is claimed for it. It discharges its curative powers without any of the evil effects of other bitters or medicine, being perfectly safe and harmless for the most frail woman, smallest child, and weakest invalid to use. Few are the homes indeed where the great discovery has not already been hailed as a deliverer and welcomed as a friend. It does what others affect to do. Composed of simple materials, it is a marvel of delicate and successful combination. Nothing is wanting. Every ingredient goes straight to the mark at which it is aimed, and never fails. Pleasant to the palate, agreeable to the stomach, and thoroughly effective as a cure, it has won for itself the confidence of all.

A Few Unsolicited Letters From Thousands Received.

Feb. 9, 1882

I have tried experiments on myself and others with Hop Bitters, and can easily recommend them as a pleasant and efficacious medicine. I have found them specially useful in cases of congestion of the kidneys, as well as in bilious derangements.

Gentlemen:—Since writing you of the great benefit I had derived from taking Hop Bitters, I gave a bottle to a friend, who had been suffering much from dyspepsia and sluggish liver, and the change was marvellous. He appeared another altogether. He tried several other remedies without any benefit. I could name over a dozen other miraculous cures.

Gentlemen:—I was troubled with a very bad form of indigestion for a long time, and tried many things in vain until I got some "Hop Bitters" and on taking was quite cured, and remain so till this time. It is now three months since I was bad.

Sir:—Having suffered from extreme nervous debility for four years, and having tried all kinds of medicine and change of scene and air without deriving any benefit whatever, I was persuaded by a friend to try Hop Bitters and the result, I am happy to say, was most marvellous. Under these circumstances I feel it my duty to give this testimonial for the benefit of others as I may say I am entirely well; therefore I can justly and with confidence give this personal testimony to any one wishing to call upon me. The last, in January, 1880, was the worst; and I took a lot of medicine to cure the same, in consequence of which my stomach got terribly weakened. I suffered from enormous pains, had to bear great tortments when taking nourishment, had

I have a good night's rest, and am sufficiently strengthened for work, while I always had to lay down during the day, and this almost every hour. I shall think it my duty to recommend the Bitters to all who suffer, for I am sure I cannot thank the Lord enough that I came across your preparation and I hope He will maintain you a long time to come for the welfare of suffering mankind. Yours very truly,

Gentlemen:—Though not in the habit of praising patent medicines, which for the most part are not only useless but injurious. I have constantly used Hop Bitters for the past four years in cases of indigestion, debility, feebleness of constitution and in all cases caused by poor or bad ventilation, want of air and exercise, overwork and want of appetite, with the most perfect success.

I am the first who introduced your Hop Bitters in Portugal and Spain, where they are now used very extensively.
